No main residence building nor any part thereof shall be located on any interior Lot nearer than fifteen (15) feet to the rear Lot line. For the purpose of this covenant, eaves, steps, and open porches shall not be considered as a part of the building; provided, however, that this shall not be construed to permit any portion of a building on any Lot to encroach upon another Lot. For the purposes of these restrictions, the front of each

Lot shall coincide with and be the property line having the smallest or shortest dimension abutting a street. Unless otherwise approved in writing by the Architectural Control Committee, each main residence building and garage will face the front of the Lot, and each detached garage will face and be located at least sixty-five (65) feet from the front of the Lot on which it is situated and will be provided with the driveway access from the front of the Lot only.

Section 6. Minimum Lot Area. No Lot shall be resubdivided, nor shall any building be erected or placed on any Lot having area of less than 6,700 square feet; provided, however, that nothing contained herein shall be construed to prohibit the resubdivision of any Lot or Lots within the Properties if such resubdivision results in each resubdivided Lot containing not less than the minimum Lot area aforesaid; it being the intention of this restriction that no building plot within the Properties contain less than the aforesaid minimum area.

Section 7. Annoyance or Nuisances. No noxious or offensive activity shall be carried on upon any Lot nor shall anything be done thereon which may become an annoyance to the neighborhood.

Such facilities may include, but not necessarily be limited to

sales and construction offices, storage areas, model units, signs, and portable toilet facilities. No truck, trailer, boat, automobile or other vehicle shall be stored, parked, or kept on any lot or in the street in front of the Lot unless such vehicle is in day-to-day use off the premises and such parking is only temporary, from day to day; provided, however, that nothing herein contained shall be construed to prohibit the storage of an unused vehicle in the garage permitted on any Lot covered hereby.

Section 9. Signs and Billboards. No signs, billboards, posters, or advertising devices of any character shall be erected, permitted or maintained on any lot or plot except (i) one sign of not more than ten (10) square feet advertising the particular lot or plot on which the sign is situated for sale or rent and (ii) one sign of not more than five (5) square feet to identify the particular lot or plot as may be required by the Federal Housing Administration or Veterans Administration during the period of actual construction of a single-family residential structure thereon. The right is reserved by Declarant to construct and maintain such signs, billboards or advertising devices as is customary in connection with the general sale of property in this subdivision. In no event shall any sign, billboard, poster or advertising device of any character, other than as specifically prescribed in the first sentence of this Section 9, be erected, permitted or maintained on any lot or plot without the express prior written consent of the Architectural Control Committee.

The term "Declarant" as used in this Section 9 shall refer to said entities and such successors or assigns of such entities to whom the right under this Section 9 are expressly and specifically transferred.

No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any Lot.

Section 11. Storage and Disposal of Garbage and Refuse. No Lot shall

be used or maintained as a dumping ground for rubbish. Trash, garbage, or other waste materials shall not be kept except in sanitary containers constructed of metal, plastic or masonry materials with sanitary covers or lids. Equipment for the storage or disposal of such waste materials shall be kept in clean and sanitary condition. No Lot shall be used for the open storage of any materials whatsoever, which storage is visible from the street, except that new building materials used in the construction of improvements erected upon any Lot may be placed upon such Lot at the time construction is commenced and may be maintained thereon for a reasonable time, so long as the construction progresses without undue delay, until the completion of the improvements, after which these materials shall either be removed from the Lot or stored in a suitable enclosure on the Lot.

Section 12. An underground electric distribution system will be installed

in that part of the Properties, designated Underground Residential Subdivision, which underground service area shall embrace all Lots in the Properties. The owner of each Lot in the Underground Residential Subdivision shall, at his own cost, furnish, install, own and maintain (all in accordance with the requirements of local governing authorities and the National Electrical Code) the underground service cable and appurtenances from the point of the electric company's metering on customer's structure to the point of attachment at such company's installed transformers or energized secondary junction boxes, such point of attachment to be made available by the electric company at a point designated by such company at the property line of each Lot. The electric company furnishing service shall make the necessary connections at said point of attachment and at the meter. In addition, the owner of each Lot shall, at his own cost, furnish, install, own and maintain a meter loop (in accordance with the then current standards and specifications of the electric company furnishing service) for the location and installation of the meter of such electric company for the residence constructed on such owner's lot. For so long as underground service is maintained, the electric service to each

192 02-2002

ARTICLE IV

ARCHITECTURAL CONTROL COMMITTEE

Section 1. Approval of Building Plans. No building shall be erected, placed, or altered on any Lot until the construction plans and specifications and a plot plan showing the location of the structure, have been approved in writing as to harmony of exterior design and color with existing structures, as to location with respect to topography and finished ground elevation, and as to compliance with minimum construction standards by Cypressdale, Section One Architectural Control Committee. A copy of the construction plans and specifications and a plot plan, together with such information as may be deemed pertinent, shall be submitted to the Architectural Control Committee, or its designated representative prior to commencement of construction. The Architectural Control Committee may require the submission of such plans, specifications, and plot plans, together with such other documents as it deems appropriate, in such form and detail as it may elect at its entire discretion. In the event the Architectural Control Committee fails to approve or disapprove such plans and specifications within thirty (30) days after the same are submitted to it, approval will not be required and the requirement of this Section will be deemed to have been fully complied with.

Section 2. Committee Membership. The Architectural Control Committee shall be initially composed of Larry D. Johnson, Glenn W. Loggins, and Gavin P. Parrish, who by majority vote may designate a representative to act for them.

Section 3. Replacement. In the event of death or resignation of any member or members of said committee, the remaining member or members shall appoint a successor member or members, and until such successor member or members shall have been so appointed, the remaining member or members shall have full authority to approve or disapprove plans, specifications and plot plans submitted or to designate a representative with like authority.

Section 4. Minimum Construction Standards. The Architectural Control

Committee may from time to time promulgate an outline of minimum acceptable construction standards; provided, however, that such outline will serve as a minimum guideline and such Architectural Control Committee shall not be bound thereby.

Section 5. Term. The duties and powers of the Architectural Control

Committee and of the designated representative shall cease on and after ten (10) years from the date of this instrument. Thereafter, the approval described in this covenant shall not be required, and all power vested in said Committee by this covenant shall cease and terminate; PROVIDED, that any time after October 1, 1981, by two-thirds (2/3) vote of the members present and voting, the Cypressdale Community Improvement Association may assume the duties and powers of the Architectural Control Committee. (*AMENDED, SEE ATTACHED*)

ARTICLE V

Section 1. Membership. Every person or entity who is a record owner

of any of the Properties which are subject or which will be subject upon the completion of improvement thereon, to maintenance charge assessment by the Association, including contract Sellers, shall be a member of the Cypressdale Community Improvement Association. The foregoing is not intended to include persons or entities who hold an interest merely as security for the performance of an obligation or those having only an interest in the mineral estate. No owner shall have more than one membership. Membership shall be appurtenant to and may not be separated from ownership of the land which is subject to assessment by the Association. Ownership of such land shall be the sole qualification for membership.

Section 2. Voting Rights. The Association shall have two classes of membership:

Class A. Class A members shall be all those Owners as defined in

Section 1, with the exception of the Declarant. Class A members shall be entitled to one vote for each Lot in which they hold the interest required for membership by Section 1. When more than one person holds such interest in any lot, all such persons shall be members. The vote for such lot shall be exercised as they among themselves determine, but in no event shall more than one vote be cast with respect to any Lot.

Class B. The Class B member shall be Friendswood Development Company, the Declarant as defined in the Declaration. The Class B member shall be entitled to three (3) votes for each Lot in which it holds the interest required for membership by Section 1; provided, however, that the Class B membership shall cease and be converted to Class A membership on the happening of either of the following events, whichever occurs earlier:

- (a) When the total votes outstanding in the Class A membership equal the total votes outstanding in the Class B membership, or
- (b) On January 1, 1981.

The Class A and Class B members shall have no rights as such to vote as a class, except as required by the Texas Non-Profit Corporation Act, and both classes shall vote together upon all matters as one group.

Section 3. Nonprofit Corporation. Cypressdale Community Improvement Association, a nonprofit corporation, has been organized; and all duties, obligations, benefits, liens, and rights hereunder in favor of the Association shall vest in said corporation.

Section 4. Bylaws. The Association may make whatever rules or bylaws it may choose to govern the organization, provided that same are not in conflict with the terms and provisions hereof.

Section 5. Inspection of Records. The members of the Association shall have the right to inspect the books and records of the Association at reasonable times during the normal business hours.

ARTICLE VI

MAINTENANCE CHARGE

142-32-2395

Section 1. Each Lot in Cypressdale, Section One is hereby subjected to an annual maintenance charge and assessment, for the purpose of creating a fund to be designated and known as the "maintenance fund", which maintenance charge and assessment will be paid by the Owner or Owners of each Lot within Cypressdale, Section One to Cypressdale Community Improvement Association on or before January 1, of each year, in advance annual installments, commencing on the first day of the month following conveyance of the first property to a homeowner, provided, however, that the amount of such maintenance charge and assessment shall, anything to the contrary herein notwithstanding, be chargeable and payable by the owner or owners of any Lot at one-half (1/2) the assessed rate until the first day of the month following completion and occupancy of a permanent structure thereon. The rate at which each Lot will be assessed will be determined annually, and may be adjusted from year to year by the Association as the needs of the subdivision may, in the judgment of the Association, require; provided that such assessment will be uniform and in no event will such assessment or charge exceed \$10.00 per Lot per month, or \$120.00 per Lot per year. The Association shall use the proceeds of said maintenance fund for the use and benefit of all residents of Cypressdale, Section One as well as all subsequent sections of Cypressdale Subdivision, provided, however, that each future section of Cypressdale, to be entitled to the benefit of this maintenance fund, must be impressed with and subjected to the annual maintenance charge and assessment on a uniform, per Lot basis, equivalent to the maintenance charge and assessment imposed hereby, and further made subject to the jurisdiction of the Association. The uses and benefits to be provided by said Association shall include, by way of clarification and not limitation and at its sole option, any and all of the following: constructing and maintaining parkways, rights-of-way, easements, esplanades and other public areas, payment of all legal and other expenses incurred in connection with the enforcement of all recorded charges and assessments, covenants, restrictions, and conditions affecting the Properties

to which the maintenance fund applies, payment of all reasonable and necessary expenses in connection with the collection and administration of the maintenance charge and assessment, employing policemen and watchmen, caring for vacant Lots and doing other thing or things necessary or desirable in the opinion of the Association to keep the Properties in the subdivision neat and in good order, or which is considered of general benefit to the owners or occupants of the Properties, it being understood that the judgment of the Association in the expenditure of said funds shall be final and conclusive so long as such judgment is exercised in good faith.

Section 2. To secure the payment of the maintenance fund established hereby and to be levied on individual residential Lots, there shall be reserved in each Deed (whether specifically stated therein or not) by which the Declarant shall convey such Lots, the Vendor's Lien for benefit of the Association, said lien to be enforceable through appropriate proceedings at law by such beneficiary; provided, however, that each such lien shall be secondary, subordinate and inferior to all liens, present and future, given, granted and created by or at the instance and request of the Owner of any such Lot to secure the payment of monies advanced or to be advanced on account of the purchase price and/or the construction of improvements on any such lot to the extent of any such maintenance fund charge accrued and unpaid prior to foreclosure of any such purchase money lien or construction lien; and further provided that as a condition precedent to any proceeding to enforce such lien upon any Lot upon which there is an outstanding valid and subsisting first mortgage lien, for the aforesaid purpose or purposes, the Association shall give the holder of such first mortgage lien sixty (60) days' written notice of such proposed action, which notice shall be sent to the nearest office of such first mortgage holder by prepaid U. S. registered mail, and shall contain a statement of the delinquent maintenance charges upon which the proposed action is based. Upon the request of any such first mortgage lienholder, the Association shall acknowledge in writing its obligation to give the foregoing notice with respect to the particular Lot covered by such first mortgage lien to the holder thereof.

Section 3. The above maintenance charge and assessment will remain effective for the full term (and extended term if applicable) of the within covenants.

ARTICLE VII GENERAL PROVISIONS

Section 1. Term. These covenants shall run with the land and shall be binding upon all parties and all persons claiming under them for a period of forty (40) years from the date these covenants are recorded after which time said covenants shall be automatically extended for successive periods of ten (10) years each, unless an instrument signed by a majority of the then owners of the Lots has been recorded agreeing to change or terminate said covenants in whole or in part. Upon any violation or attempt to violate any of the covenants herein, it shall be lawful for the Association or any other lot owner to prosecute any proceedings at law or in equity against the person or persons violating or attempting to violate any such covenants and either to prevent him or them from doing so or to recover damages or other dues for such violations.

Section 2. Suverability. Invalidation of any one of these covenants by judgment or other court order shall in no wise affect any of the other provisions which shall remain in full force and effect.

Section 3. FHA/VA Approval. So long as Declarant, its successors and assigns, are in control of the Cypressdale Community Improvement Association, the following actions will require the prior approval of the Federal Housing Administration or the Veterans Administration: annexation of additional properties, dedication of common area, and amendment of this Declaration of Covenants, Conditions and Restrictions.
